	Content
	S Jane Doe Jane Doe Template- R.Barlow
	O Project Z Project Z Template- R.Barlow
	Project Y     Proiect Y Template- R.Barlow

## Installing WordPress

- · Automatic Update "Update to new minor versions and security releases"
- WordPress Plugin Automatic Update > **Do not automatically update WordPress plugins.**
- WordPress Theme Automatic Update> Do not automatically update WordPress themes.
- Automatic Update Backup> Create a backup and automatically restore the backup if the update fails.

Automatically update the installed application immediately as new versions become available. Updates execute between midnight and 6AM server time and email notifications are sent with the result of each update.	Automatic Update <ul> <li>Do not automatically update.</li> <li>Update to new minor versions and security releases.</li> <li>Update to any new version.</li> </ul>
After 14 days the created backup automatically expires and is deleted to free disk space. However, prior to expiration the created backup can be retained by selecting the option from your "My Backups" tab.	<b>WordPress Plugin Automatic Update</b> <ul> <li>Do not automatically update WordPress plugins.</li> <li>Update WordPress plugins as new versions become available.</li> </ul>
	WordPress Theme Automatic Update
	O Do not automatically update WordPress themes.
	<ul> <li>Opdate wordPress themes as new versions become available.</li> <li>Automatic Update Backup         <ul> <li>Create a backup and automatically restore the backup if the update fails.</li> <li>Do not create a backup</li> </ul> </li> </ul>

You can leave the remaining options under **Settings** and **Advanced** on the default settings.

When done click the **install** button

These settings allow you to customize and personalize this installed application.	Administrator Username					
The values set can be modified later within Installatron or within the installed application.	6xsfkq
